DOGGER BANK D WIND FARM

Non-Statutory Consultation on the Onshore Converter Station

Dogger Bank D is a proposed new fourth phase of the Dogger Bank Wind Farm, the world's largest offshore wind farm currently in construction.

We're holding a non-statutory consultation to share the emerging design concepts for the Onshore Converter Station (OCS) and to invite your feedback. This consultation focuses on the design, and as the design is still evolving, your feedback will help shape the proposals.

The consultation will open on **Tuesday 23 June** and close at **11.59pm** on **Monday 3 August 2026**.

Understanding the OCS proposals

Please read this feedback form alongside the OCS brochure, which explains the current design concepts and will help you respond to the questions. You can find this brochure and further details on our website at **www.doggerbankd.com/ocs-consultation**.

Your chance to take part

We value the local knowledge of people living and working in the area. This consultation is an opportunity to share your comments and suggestions on our proposals.

You can share feedback by:

- Using the online feedback form at **www.doggerbankd.com/ocs-consultation**
- Sending written feedback to our freepost address: **FREEPOST DOGGER BANK D** (no stamp needed).
- Emailing us at: **contact@doggerbankd.com**

Scan the QR code to go to the website at **www.doggerbankd.com/ocs-consultation**

Contact us by email at **contact@doggerbankd.com** or call us on **0800 254 5029** if you would like any of the consultation materials to be sent to you. Should you require materials in alternative and accessible formats such as large-print, alternative language or Braille please email or phone us.

I believe that offshore wind has a vital role to play in the UK's energy future	☐	☐	☐	☐	☐	☐
I believe communities should benefit from energy projects close to them	☐	☐	☐	☐	☐	☐

Design Concepts

On pages 26 to 31 of the OCS brochure, we present a range of early design concepts exploring different roof forms, materials and colour palettes.

Question 1: What are your views on the roof form design concepts?

Question 2: What are your views on the suggested materials and colours?

Landscaping and planting proposals

On pages 32 to 36 of the OCS brochure, we present indicative landscaping and planting proposals for the OCS zone.

Question 3: What are your views on the indicative landscaping proposals?

Question 4: Do you have any comments or suggestions on the proposed planting species?

Community Proposals

On page 37 of the OCS brochure, we present suggestions on how the Project could provide value for the local area and community.

Question 5: Which is preferred? (Please tick)

- ☐ Public amenity space within the surrounding area of the OCS
- ☐ Funding for community benefits and improvements elsewhere
- ☐ A mix of both

Please tell us why you have chosen this option(s). If you have any specific ideas or suggestions, we would welcome your input.

Question 6: How could access be improved (e.g. paths, lighting, signage, ramps, handrails), and where are these improvements most needed?

Community Proposals cont...

Question 7: What local enhancements would you value most? (e.g. planting, flower planters and seating)

Question 8: What would you like to see more of? (Please tick)

- ☐ Wildlife habitats / biodiversity
- ☐ Trees / wildflowers / flower planters
- ☐ Information boards / local learning

Question 9: How could local history or character be reflected? (e.g. art, interpretation, heritage features)

Question 10: Do you have any other suggestions?

Question 11: What matters most to you? (Please tick)
